MEMBERSHIP CANCELLATION POLICY

After 1 year a membership may be cancelled. The Y is not responsible for monitoring participation at the facility and will not cancel a membership without written consent. The ATS Cancellation form must be filled out 30 days prior to the next withdrawal date in order to not be charged for the upcoming month. For example, should a member decide to cancel membership on Dec. 1st, the cancellation form must be turned in before Nov. 1st, or should a member decide to cancel membership on Dec. 15th, the cancellation form must be turned in before Nov. 15th. Membership cancellation must be done in person or through certified mail. If membership is cancelled through certified mail it must either be accompanied by a 'Return Receipt' or a phone call to the Y must be made to verify the letter has been received. Failure to do so will result in the account remaining active and standard deductions will continue. The 30 days will be counted from the date we receive the notice; not the date on the request form. Failing to uphold the 1 year membership commitment will authorize the Y to make the deduction.
